## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious to one of ordinary skill in the art the instantly claimed invention. There are no teachings in the art to have the raw material added to the melt in seed pulling as is claimed. Also, the prior art does not teach the claimed apparatus. The prior art does teach many different ways and means to add raw material through tubes. The prior art however, does not teach the tube in a tube apparatus with the opening and closing means as is now claimed. There is no suggestion in the art to have the opening and closing means set up as is claimed. The art does show different ways to prevent stoppage of raw materials and does not give any reasoning nor motivation to have the means as is claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
